JEFFERSON UNION HIGH SCHOOL TO OPEN FALL TERM

Many Improvements Have Been Made During The Vacation Season

Jefferson Union High School will open on next Monday morning, August 22, at 8:15. There will be three new members of the faculty to greet the students: Robert V. Brand, a graduate of the State University in the department of Science and Mathematics; Dante Lembi, from the department of Modern Languages at Stanford; and John P. Mongan, from both California and Stanford. All three made enviable records in their college work and come to Jefferson with the highest recommendations in scholarship.

The work of remodeling the first floor of the main building to provide for the cafeteria has been going on steadily throughout the summer vacation period, and is now complete. A thoroughly modern equipment has been installed in the kitchen, and the dining room is furnished attractively.

With the exception of painting, practically all of the work has been done by the regular employees of the school, under the supervision of Mr. Nelson, who was recently appointed engineer of the swimming pool and gymnasium. The walls and partitions in the rooms were removed by the class in carpentry under the direction of their teacher, Truman Bentley, before school closed for the summer vacation. At a minimum cost to the district for material and equipment only, Jefferson is now in line with the most progressive schools in having a cafeteria where wholesome and appetizing foods are served to the students at the lowest possible cost.

The cafeteria will be in charge of Miss Mathilda E. Montie, who received her training for this work at Stout Institute, Menominee, Wisconsin, with advanced study at the University of Wisconsin. Miss Montie has had a wide and successful experience in cafeteria management.

Thursday and Friday of this week Mr. Harding and Mr. Mongan have been at the high school enrolling new students in preparation for the opening of classes on Monday morning.

Principal James Ferguson urgently requests parents to see that their children enroll promptly in all of their classes on the morning of the first day of school. "Late comers are always at a disadvantage," he says. "It is not fair to a boy to keep him out of school until the second or third or fourth day. By this time he has missed the introductory explanations necessary to get off to a good start."

RIDE FOR LESS ON BRIDGE BUS

It has been announced that a drastic slash in transbay bridge bus fares will go into effect simultaneously with the beginning of the bridge's electric railway service.

This decision was reached at a meeting between city attorneys of eight East Bay municipalities, Chief Attorney Charles H. Purcell of the State Board of Public Works, and Attorney Florence M. McAuliffe of the Toll Bridge Authorities, held in San Francisco on Tuesday evening.

State officials assured the attorneys that an adjustment would be made to reduce the bridge toll on buses, which now average 7 cents per passenger, to the 2½ cents per passenger it will charge the train companies.

The bus companies have indicated this saving will be passed on to the public.

President's Son In Broadcast Company Says He's Sorry But Will Pay Up

President Roosevelt's son, Elliott, together with Harry A. Hutchinson and Raymond E. Buck, were granted a charter by the state of Texas, recently, under the company name of the Texas State Network, Inc., at Fort Worth. It is a broadcasting company incorporated by young Roosevelt and his two partners.

The firm proposes to operate 23 Texas stations tied in with 108 stations of the Mutual Broadcasting Company.

HIGH ENCOMIUMS FOR JUDGE WADE CLAY

As testimony of the ability and efficiency of the incumbent justice of the peace of the First Township, Judge Wade H. Clay of Daly City, we wish to add our commendation in supplement to praises given by various newspapers throughout San Mateo County.

Judge Clay is a man well grounded in the law and possesses a mind well balanced in judicious characteristics enabling him to properly cope with the varied problems of a judicial nature with which he is called on to deal. His integrity is unimpeachable and he is well fitted to fill the responsible office which he has so well and ably administered for the past four years. We bespeak for him the support of a very large majority of the voters of the First Township, where the judge is well known and highly respected by all.

Below we reprint an editorial, captioned "Judge Wade H. Clay," appearing in the issue of August 12 in the South San Francisco Enterprise. The article reads as follows:

"JUDGE WADE H. CLAY"

"We pay tribute today to a citizen of the First Township whose quiet, efficient performance of his duties for the past many years has generally gone without adequate recognition. The reason for his lack of publicity probably lies in the fact that few persons have been displeased with the manner in which he has conducted his important office in South San Francisco.

"The man to whom we refer is Honorable First Township Justice Wade H. Clay. Four years ago Mr. Clay was swept into office with a comfortable majority and no information has come to our desk that would indicate that he should not be returned to the same office with a greater popular vote on August 30.

"Examine his well systemized offices both here and in Daly City; ask your friends what they think of the Clay character, and we have little doubt that you will mark a cross behind the name of Wade H. Clay, Justice of the Peace, First Township."

LIGHTS UP THEN LIGHTS OUT

Passionate desire for a few puffs on a cigarette, brought death, last Saturday night, to a young automobile driver.

Fred Bussenius, 17, 119 Hale street, San Francisco, was pronounced dead upon arrival at Mills Memorial Hospital, Saturday night of last week, after his car plunged into a guard rail on the Ocean shore highway one-half mile south of the Sharps Park golf course.

Young Bussenius was killed when his car plunged out of control as he searched on the car floor for a lighted cigarette he had dropped. The machine ploughed into the guard rail, spun into the air and a piece of rail ripped into the drivers' abdomen, pinioning him behind the steering wheel.

The youth retained consciousness while men who appeared on the scene sawed away the wood that pierced him. He was conscious until lifted from his car. Taken to the hospital shortly after 11:30 o'clock, he was pronounced dead upon arrival. The accident occurred at 10:40 o'clock.

The tragedy came as an aftermath of a lively weenie roast some thirty San Francisco youths had been enjoying on the coastside beach.

Two young people riding with Bussenius, Phyllis Long, 18, and John Dobbins, 18, both of San Francisco, were uninjured. The three were driving toward San Francisco.

Bussenius was the son of Mrs. Anna Huhn, a nephew of Mr. and Mrs. Johns of Mission street, Daly City, and a cousin of Mrs. Roy Clark of Santa Barbara avenue.

Says He's Sorry But Will Pay Up

Apologetically, Carlton Steiner wrote a note to Berkeley police. He was sorry, he said, that he had failed to appear in court to face speeding charges, but he was on a trip.

The letter was postmarked London, England. Mr. Steiner's conscience troubled him, he said, and he'll pay up when he returns.

Ledge Sitter's Death Leap Foiled By Rescuers

Foiled in an attempt to plunge to her death after sitting on a tenth floor window ledge, Noreen Leonard Macy, 24, was booked on a charge of intoxication in San Diego, Cal. The attractive young woman was perched precariously on the ledge for almost an hour before a fireman and a civilian snatched her back to safety. Several times she threatened to leap, shouting at hundreds of spectators below, "Will you get out of the way? I don't want to hurt you." Photo shows the woman as she sat on the edge ten stories above the street.

YOUNGEST VOTER IN CALIFORNIA WILL CAST BALLOT AT AUGUST 30 PRIMARY

Although only twenty years old, Otho Davis of Arcata has registered and will vote for Governor Frank F. Merriam on August 30.

Otho was born August 31, 1917. He will, of course, be 21 on August 31, 1938. It would seem that under the California law, which requires that all voters be 21 before they cast their first ballot, Davis would miss one election.

However, he claims that one's legal birthday is one day before his actual birthday, and the California courts, according to the Arcata Union, have held that such is the case.

This will make Davis the youngest voter in the state. He says: "I am very happy to have this chance to cast my vote for Governor Merriam."

Another young Republican, too young to cast his ballot for the governor at the August 30 primary, but who will vote for him in the general election on November 8, is Talmage V. Burke of Alhambra.

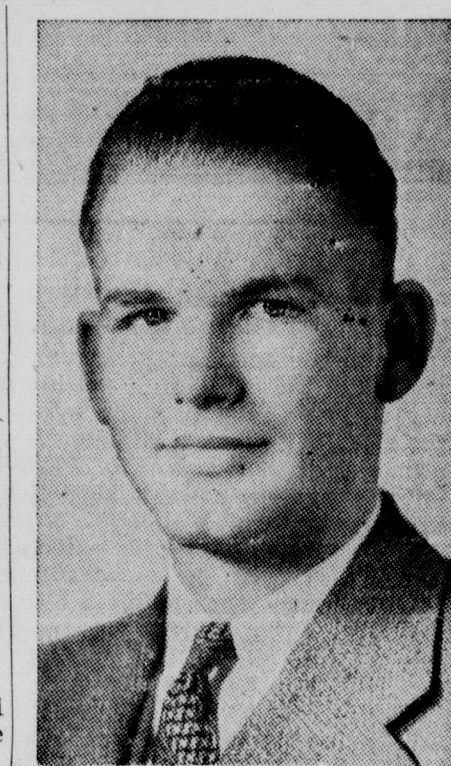

Young Burke, a student at the University of Southern California, in a letter to the governor explained that along with his vote he would add the vote of 20 or 30 of his young friends, all students at the southern university.

Dodge Heir's Death Laid To Pain From Dynamite Injury

Mrs. Daniel G. Dodge

Mrs. Daniel G. Dodge, 19, bride of thirteen days, who was recently widowed by the death of her husband, Daniel G. Dodge, 21, heir to a \$9,000,000 Michigan automobile fortune. Dodge's death was laid to a desire to test dynamite. While testing the explosive at his honeymoon camp, twenty miles from Little Current, Ont., a blast occurred, shattering his arm and fracturing his skull. Mrs. Dodge was seriously injured, but attempted to pilot a speedboat with her husband aboard to medical aid at Little Current. Dodge was drowned in Georgian Bay when he fell or was driven by pain to jump from the speeding boat.

OTTO DAVIS

SATURDAY NIGHT IS LAST RUNNING OF GREYHOUNDS

Rural Rebel Breaks Record For California Derby In Fast Time

Baden Kennel Club will conclude its 1938 meeting tonight (Saturday) with a special five-dog race between the fastest greyhounds developed at the meeting.

Interest in Pacific Coast greyhound racing reached an all-time high last Saturday when Rural Rebel, the Pacific Coast's "wonder dog," won the \$1000 added California Derby in the fastest time since My Laddie set the world and track record for the five-sixteenths mile distance at Baden in 1932.

He "two-roped" the field, winning by eight lengths. His victory was worth \$715 to Rural Rebel's owner, R. C. Davis. Second money, \$375.50 went to Mrs. Myrtle Ringwald, owner of Wonderful Winner; third money, \$214.50, to Robert L. Wing, owner of Caperton, and fourth, \$145, to Harry B. Shoots, owner of Mulligan.

Meanwhile a challenger to Rural Rebel for season's honors had developed in Bob's Start, owned by P. H. Prusel of Pasadena. This greyhound won five races in a row while Rural Rebel was going through the derby elimination races, and the contest between the two proved to be one of the high lights of closing week.

Both greyhounds were developed at Baden Kennel Club this season.

BRONCO BUSTERS IN LIMELIGHT AT FLORAL FIESTA

Leading Cowboys Of Nation Will Show Prowess In Three Day Rodeo

Bronco busters, trick riders, bull-dogging experts—the tough, colorful and skillful characters who furnish the thrills of rodeos—will come from all over the West to take part in the three-day rodeo that is to be a feature of the San Mateo County Floral Fiesta this year.

Where slender-limbed, blue-blooded racing mounts usually hold the limelight—the racing turf of Bay Meadows track in San Mateo—hardy, quick-wheeling cow ponies will attract the rodeo crowd's attention.

Many of the nation's leading cowboys will take part in the rodeo, according to Henry Rowell, one of the promoters of the famed Salinas Rodeo.

Rowell conferred recently with the Fiesta commissioners on plans for the rodeo, which he will direct.

Special events on the rodeo program will be chariot races and Brahma steer races.

Meanwhile Ruth Arnold, well known Burlingame dancing instructor, was announced as director of the dancing in the Fiesta pageant, which is now in rehearsal, according to Director Lou Ashe.

The Fiesta will be held September 21 to 25.

TO BUY OR NOT TO BUY FIRE DISTRICT TRUCK

Question To Be Decided At Brisbane Election On August 27

Whether or not to validate a lease purchase contract to buy a new fire engine at the rate of \$1500 per annum for five years will be decided by voters of the Brisbane Fire District at an election called for August 27.

A recent decision to call the election created a row in the fire commission, and resulted in the resignation of Chairman Norman R. Brown.

The San Mateo County Board of Supervisors was advised at their meeting this week that Brown would withdraw his resignation, and took no action on appointment of a successor.

BRISBANE WINS GAME FROM THE SOUTH CITY BOYS

Strassburger Was Strong In The Pinches In Last Sunday's Game

The residents of Brisbane can be justly proud of their ball team now. No town throughout California with more or equal population can boast of a finer bunch of boys than Brisbane.

From the day of formation every member of the team has labored to make a winning ball club; a team we could boast of.

The only assistance the boys have asked for and received was patronage at their games; and the receipts derived went toward the purchase of uniforms. The main purpose of purchasing uniforms was not to clothe the boys, but to symbolize the spirit of the youths of Brisbane on the field of sport.

Each member of the ball team, six of whom are married, two have children, bears the name of Brisbane across the front part of his uniform and in each game extends himself to his utmost to formulate a foundation of goodwill, courage, citizenship and sportsmanship throughout the state for the children coming up to take their places.

No finer evidence of their will to win can be recorded than their victory over South San Francisco last Sunday.

Anyone would have given you odds that Brisbane would lose, save our faithful supporters; but had they been in the players huddle before the game they would have changed their minds. Each player vowed to do his utmost to win the palm of victory.

EDWARDS HOME'S

South City first up sent Mellini their lead off man up to the plate; he grounded to Mo Arthurs. Fambrini and Maffei fanned, retiring the side.

First up for Brisbane was Roy Edwards, first baseman. Guistetto, South San Francisco pitcher, wound up and sent the first ball down the slot; Edwards met it with his big 42 ounce bat and sent it out of the lot for a home run.

For eight innings South City and Brisbane hammered at each other, Brisbane maintaining a 1 run lead due to splendid pitching by Bill Strassburger and fielding of the entire team. Twice South City men roared down the third base line toward home plate only to be put out by Lou Pierri, Brisbane's ace receiver.

FINAL SCORE

Going into the last of the eighth with one out, Bill Strassburger drove out a double, Roy Edwards, next up, drove out a two-bagger, pushing Strassburger across with the second and final run.

Strassburger forced the last three men to face him to ground to Arthurs at third.

It Is News When Mosquito Bites King

King George and Queen Elizabeth stopped off at Gannochy, Scotland, this week, to be the guests, for two or three days, of the American financier, J. Pierpont Morgan, and engage in some grouse shooting.

However, a mosquito bite near one eye, caused the king some difficulty, delaying the hunt a day.

ROCKAWAY BEACH PEDRO VALLEY

By C. H. T.

If we could only change the calendar around, so that Wednesday and Thursday would come a few days later in the week, we should enjoy dazzling bright Saturdays and Sundays, for we usually have marvelous weather in the middle of the week—when only residents and stay-at-homes are about to observe it—and then it begins to cloud up, and there's the customary dull, fog-ridden weekend to discourage visitors and rumple picnics and barbecues. Mr. Weatherman, please be kind!

Nothing daunts the local fishermen. Some fine stout, seagoing fish were hauled in during the weekend, and many Sunday fish dinners were featured. That radio interview of Mrs. Gladys Stewart, it seems, never did come off. With her practical knowledge of off-coast fishing, the talk should have been interesting. Now she has gone to San Francisco for an indeterminate stay, and she'll probably forget all about fishing while she goes window-shopping and takes in the movies.

Alexander McLean Wilson, of Cincinnati and thereabout, was the guest of honor at a luncheon and cocktail party given by Mr. and Mrs. Harry Rees, last Thursday, at the Rees place. Pedro, Mr. Wilson (who would be the life of any party) is a true-born Scotchman, genial, witty, and jolly, in spite of the "weight" of 68 years that lies on his broad shoulders. Mr. Wilson's ancestors were tenants on the estate of the Duke of Argyle, and he, himself, was born in Colinton, Argyleshire, Scotland. He raised a laugh by narrating how the duke, in order to help the peasants to reach that otherwise unreachable spot between the shoulderblades, set up "scratching posts" along the roads on his lands. The users of the said post, comforted by this convenience, ejaculated "God bless the Duke of Argyle!" This duke, you may recall, was brought into world prominence at one time because of a famous argument with Henry George, whom the duke, unable to controvert his theory of the "Single Tax," dubbed sarcastically, "The Prophet of San Francisco" (George's home town).

This long-ago verbal fracas, however, has nothing to do with the luncheon honor guest, Alexander Wilson, who is, we understand, interested in that "sport of kings," horseracing. Following a leisurely tour of the coast, his plans include a return to Cincinnati, by way of Vancouver, British Columbia. Mr. Wilson made many enthusiastic friends while in this part of the country, who look forward with pleasure to meeting him again.

Little William Frank Bailey of Rockaway had his first birthday on the sixteenth. This young man has grown so fast in one short twelve-

month, that he now wears two-year-old sizes, and sometimes three-year-old sizes in the togs they put on him. He promises to be as big a man as his grandfather, Mr. William Mailey.

Mrs. Irene Rees recently celebrated her twenty-fifth year with the San Francisco telephone company. She gave a luncheon to all her business associates in the Mission branch office, to mark the event. In return they came down to Pedro, one day last week, and brought a picnic and barbecue with them. After lunch, they had a horseback ride, and everybody enjoyed a delightful time. Irene made an artistic luncheon cloth for the Wilson party, by the way, out of colorful cotton print with a pretty border. On this gay cloth her handsome china, silver and glass appeared to fine advantage. Guests at the "telephone party" were: Mesdames Conley, Allen, Dixon, Quinn, Friedmann, McDermott, La France (Irene's mother), Fred Bohr, Nora Christen and others.

Harry Rees left, on Sunday, for Vancouver, B. C., to find out what has become of his horse, "Johnny Hills" from whose handlers there has come no word. Gus and Jim are taking care of the place in Harry's absence.

"Jinny He-Haw," the Pedro burro, is still singing his daily (hourly) songs. Maxwellton's braes have nothing on "Jinny," although, at that, the latter might have been more "bonny," as the song tells us.

A shocking incident of the week was the automobile accident that occurred at 11 o'clock, Saturday night, at the dangerous turn half way between the Sharp Park golf club house and Vallimar. This sudden curve is one long recognized as dangerous, and careful motorists who know the road make sure to exercise caution in rounding it. But the young seventeen year old boy at the wheel, unfamiliar with the coast highway, driving at swift speed, took a chance, and lighted a cigarette. The car swerved, and in an instant a thick, 6 by 4 timber from the highway fence crashed through the radiator and pinned the unfortunate lad right through the body to the seat with such force that the seat, itself, was bent to the rear. The other occupants of the car, terrified, but uninjured, called aid from Rockaway. It was impossible to pull the timber from the radiator, or out of the victim's body, so Don Hutley's brother, William, who had raced to the scene, was obliged to saw it loose about eighteen inches from where it entered the boy's abdomen. To add horror, he was still conscious, and with clenched hands, he endured the agony of this process, which was finished as the ambulance drove up.

TEN ENTERED IN U. S. AIR RACE

Frank Fuller

Jacqueline Cochrane

Listed among the entrants of the Bendix Air Race from Los Angeles to Cleveland, O., are the names of several American ace fliers, including the defending champion, Frank Fuller, San Francisco manufacturer. Jacqueline Cochrane, ace woman flier, was the first to make entry in the event. Colonel Roscoe Turner will attempt to win his third Bendix title.

Without removing the timber, the patient was taken to the hospital, where he died a few hours later. Once again, this terrible accident points out to motorists the danger of letting go the wheel, and taking the eyes off the road, even for the moment it requires to light a cigarette. Particularly is this true when a car is going full speed, at night, along an unfamiliar road. In any case, the exigencies of any road loom up so swiftly, that no driver can afford to take a chance. Better go without the cigarette—and live longer.

Elwyn Smith, Daly City youth, had an exciting adventure at Shelter Cove, Pedro Point, San Mateo

County, Saturday afternoon of last week, when he mounted a rubber sea-horse and paddled it off from the beach into the sheltered waters of the Cove. Had Elwyn only known that this particular sea-horse had a rampaging disposition, such as the bucking bronchos that show up in Salinas on roundup days, he would have thought twice before he got on it. Colored a pale turquoise blue, red and cream, it seemed a harmless and docile beast. But it wasn't.

Hardly had Elwyn mounted, when it suddenly reared up and slid the rider into the water. Young Smith can't swim very well. He grabbed the tail of the steed and hung on for dear life. The unprepared body of the horse acted as a sail, caught the stiff off-shore breeze and soon drew away from the beach, heading out to sea, toward the Farrallones, still dragging the alarmed and unwilling young man astern.

It sounds funny—now that it's all over—a headstrong rubber horse taking a twenty-year-old youth on a sea voyage. But the situation held real danger. The Smith party called to Russell Lewis and pointed out the man's plight. He quickly launched the surf-boat and with his young brother, Bob, set out to the rescue. By this time the rubber horse, "feeling his oats," or perhaps his seaweed, had gathered speed, and the rowers had all they could do to overtake it. They bent to their oars, however, and after some maneuvering, managed to come alongside and haul the man into their boat. A hard pull, then, against the brisk wind and rough sea, back to the beach, where Smith's wife, sister and two friends awaited them. A crowd of enthusiastic bass fishermen, who were finding the bass season uncommonly good at Shelter Cove, were attracted to the scene and congratulated Smith upon his escape from a dramatic and perilous adventure. Had anyone thought to take a few pictures of this sensational occurrence, young Smith and his colorful rubber horse might have found themselves in the photographic pages of the Sunday features. It was certainly a novel and whimsical accident, and one to try any man's courage.

"EASILY MENDED"

In the present diplomatic circles in Washington is a delightful woman whose English is still French. She was urging an officer of the Navy to attend the President's birthday ball, an invitation which he had already declined.

"I can't. I have burned my bridges behind me,"

"Oh," she replied, "I will lend you a pair of Henri's."

DIVIDED HIGHWAY AID TO SAFETY

Divided highways, where there are two or more lanes in each direction, reduce the chance for head-on collisions, help pedestrians to cross safely, and lessen the problem of headlight glare by separating the opposing streams of traffic a greater distance.

The higher the speed on such a highway the more important is the separation roadways, for the severity of accidents increases much more rapidly than the speeds.

The section of El Camino Real from Daly City to the cemeteries has proved to be a splendid example of the efficacy of the separation strip. Junipero Serra boulevard will be divided throughout the length of San Mateo County. El Camino Real will be divided as reconstructed from Mission Road to the north limits of Burlingame. Undoubtedly Bayshore highway will be divided as the road is reconstructed.

In the meantime careful driving, adequate lighting, law enforcement and a minimum number of cross roads into this important highway must be depended upon to improve its accident record.—San Mateo County Traffic Safety Commission.

NOTICE OF ELECTION

Notice is hereby given by the Board of Fire Commissioners of the Brisbane Fire District, a public corporation, that, pursuant to law, an election will be held within said Brisbane Fire District, County of San Mateo, State of California, on Saturday, the 27th day of August, 1938, for the following proposition:

"Shall a series of special taxes be levied during the five fiscal years beginning July 1, 1938, for the purpose of purchasing an INDIANA-HALL Fire Truck with equipment and accessories for the total purchase price of \$6571.57, payable \$1500.00 in fiscal year 1938-1939; \$1500.00 in fiscal year 1939-1940; \$1500.00 in fiscal year 1940-1941; \$1500.00 in fiscal year 1941-1942; and \$571.57 in fiscal year 1942-1943."

There will be one voting precinct for the purpose of holding said election, consisting of a consolidation of the regular election precincts established for holding state and county elections, as follows: Consolidated voting precinct "A" comprising state and county precincts, to-wit: Brisbane precincts Numbers 1, 2 and 3, and parts of precincts included and described in sections 5 and 6 of that certain resolution entitled "Resolution and Order Dividing San Mateo County into Election Precincts and Establishing Boundaries thereof", adopted and passed by the Board of Supervisors of said county of San Mateo on November 12, 1935; together with all other territory situated within said boundaries of said Brisbane Fire District, but excluding any and all territory within said Brisbane Precincts Numbers 1, 2 and 3 which is without said boundaries of said Brisbane Fire District, and the voting place thereof shall be at the Fire House, corner of San Bruno and Glen Park streets, Brisbane, County of San Mateo, State of California.

The polls shall be open between the hours of 6:00 o'clock A. M. and 7:00 o'clock P. M.

That said Board of Fire Commissioners has appointed the following named persons as the election board to hold and conduct said election, to-wit:

NORA R. LOTHROP, as Inspector;
GEORGIE KNAUS, as Judge;
CLARA LAMONT, as Clerk; and
CAROL TETHEROW, as Clerk.

Said election shall be conducted and votes cast thereat shall be counted by said election board at the time and in the manner required by law, and thereafter canvassed and the results declared by said Board of Fire Commissioners on the 28th day of August, 1938, at the hour of ten o'clock A. M. of said day, at the office of said Board of Fire Commissioners at the Fire House, corner San Bruno and Glen Park streets, in said Brisbane Fire District, in the same manner as provided by law relating to general elections so far as the same may be applicable, except as otherwise provided by said act.

Voters may vote prior to election day in the general manner provided for in section 1359 of the Political Code by applying to the Clerk of this board who is hereby authorized to perform the duties prescribed to be performed by the County Clerk by said section 1359 of said Political Code.

Absentee voters may vote at said election in the general manner provided for in sections 1357 and 1358 of the Political Code and may obtain ballots from the Clerk of this board who is hereby authorized to perform the duties prescribed to be performed by the County Clerk by said sections 1357 and 1358 of said Political Code. The ballots shall be in the following form:

OFFICIAL BALLOT

"No. : Brisbane Fire District
Election, August 27, 1938.

INSTRUCTIONS TO VOTERS

To vote on any question, proposition or constitutional amendment, stamp a cross (X) in the voting square after the word "Yes" or after the word "No". All marks, except the cross (X) are forbidden.

All distinguishing marks or erasures are forbidden and make the ballot void.

PROPOSITION VOTE

"Shall a series of special taxes be levied during the five fiscal years beginning July 1, 1938, for the purpose of purchasing an INDIANA-HALL Fire Truck with equipment and accessories for the total purchase price of \$6571.57, payable \$1500.00 in fiscal year 1938-1939; \$1500.00 in fiscal year 1939-1940; \$1500.00 in fiscal year 1940-1941; \$1500.00 in fiscal year 1941-1942; and \$571.57 in fiscal year 1942-1943."

Dated: August 10, 1938.

BOARD OF FIRE COMMISSIONERS OF THE BRISBANE FIRE DISTRICT,

a public corporation.

By: NORMAN R. BROWN,

President;

A. E. LOTHROP,

Commissioner;

H. J. TRAFFORD,

Commissioner."

Mr. and Mrs. J. V. Schmidt and son of Long Beach have been visiting with Mr. and Mrs. H. R. Brown of Schwerin street. Mrs. Schmidt is the daughter of Mrs. Brown. They visited here in Bayshore for ten days.

Mr. and Mrs. Bob Grierson of Westminster, Canada, and their month-old baby have been visiting with the Griersons of McDonald avenue for one week. Bob is the eldest son of Mr. Grierson.

A surprise baby shower was given for Mrs. Lillian Longwell, last week, in the Riley Hall. Hostess of the afternoon was Mrs. Longwell's sister in law, Mrs. Les Parker. Mrs. Longwell and the baby-to-be received many lovely gifts. Refreshments of ice cream and homemade cake were served and amusing games and Dutch whist afforded an afternoon of pleasant entertainment.

Good news was in store for a lot of Bayshore people who were informed that registration would be taken for employment at the Dog Track. The names were taken last Monday evening and proved to be one of the largest ever. The City Council will co-operate with the Dog Track people and check the names to see that only bonafide residents of Bayshore work.

The Bayshore Voters League will hold a rally for all candidates seeking office in the primary election to take place August 30. All candidates have been given invitations to be present and to be presented. This will be open to all. The date will be announced next week.

William Mardecich and Harry Wienberg will be two candidates for Sanitary Board. This election will take place in September and there will be two vacancies to fill.

Parkside Club Holds Bond Issue Meeting

President Ray Schiller led a meeting of the Parkside Improvement Club, held on Friday, August 12, to an enthusiastic endorsement of the School Bond Issue to be voted on September 27, 1938. Over two hundred members listened to the report of the Board of Education as to the necessity of new school units and the need for a favorable vote on the election date.

Henry Todd, young attorney, was appointed chairman of a committee to aid in putting over the bond issue. A mass meeting of the people of the district is to be held just prior to the election, at the Parkside School.

The Bond Issue, among other things, will take care of the building of the San Francisco Junior College and the construction of the long contemplated Abraham Lincoln High School. These projects will alleviate congested conditions in the Galileo, Mission, Lowell, Polytechnic and Balboa high schools, thus aiding and benefitting the entire city.

President Schiller expressed the hope and confidence that the Bond Issue would receive the necessary two-thirds majority at the September election, saying that the depression erasure of the building program of the Board of Education could only be compensated for in this way.

HEAVY EATERS

In the course of a day, the average adult consumes 35 pounds of air, 4 pounds of food, and 3 pounds of water.

BAYSHORE PTA

Mrs. Beatrice Jeppeson,
Publicity Chairman
344 Acacia St.—Elkridge 1114

The budget committee is working on the budget for 1938 and 1939 and hope to be able to present said budget at the executive board meeting, September 2.

All P. T. A. members should tune in to radio station KFI on Thursday evenings at 7:30 to hear "Parents on Trial." This is a worth while program and is recommended by our district radio chairman, Mrs. J. H. Price.

We have two necessary departments in our P. T. A.—"The Safety Department" with F. Williams as chairman, and "The Juvenile Protection Department" with L. Plumb as chairman.

The safety department studies the hazards in the home, the school and the community. Mr. Williams has charge of our school boy safety patrol and is very proud of the boys. The boys deem it a great honor to serve under his direction. Let us all help Mr. Williams and the boys keep our city traffic safe.

The juvenile protection department studies the social, physical and economic assets and liabilities of the community which effects the welfare of youth. Mr. Plumb, as chairman, will always appreciate your co-operation.

Air Traffic Is Gaining Steadily

United Air Lines flew a total of 11,003,436 revenue passenger miles during the month of July, representing an increase of 1½ per cent over June, when 10,853,795 revenue passenger miles were flown.

W. A. Patterson, United's president, said that summer vacation travel and new low fares, including half-fares for children, accounted for a portion of the traffic gain.

Christmas was not among the earliest festivals of the Christian church.

Ex-Convicts Seized As Kidnapers Of Two

Capture of two ex-convicts, Otis Jones Meredith, 21, and John Couch, 23, near Effie, Minn., was announced by the Federal Bureau of Investigation. The men were arrested by Federal agents for the kidnapping of Miss Peggy Gross and Daniel Cox Fahay Jr. of St. Louis. Officers said the ex-convicts apparently kidnaped Miss Gross and Fahay in St. Louis merely for the use of their car to flee the St. Louis area, where they were "hot." The victims were found near Champlin, Minn., bound with wire and gagged. Meredith was seriously wounded as he attempted to elude officers. Photo shows Miss Gross and Fahay.

CHARGE DRIVER MORE MEN GO WAS RECKLESS BACK TO JOBS

Four people were injured in a two-car crash on the Mountain Home road, a quarter mile from Searsville lake, last Sunday.

Spencer Clark, 48, of the Gartland Hotel, San Francisco, suffered a compound fracture of the right leg and cuts and bruises when his car collided with one driven by Fred Willis, 30, of Lomita Park.

Willis suffered cuts and bruises. Riding with him were his wife, an expectant mother, who was uninjured, and Mrs. Florence Scott, 50, San Francisco, and Mrs. Lila Ronnal, 34, San Jose, both of whom suffered cuts and bruises.

A complaint charging Clark with reckless driving involving injury was issued Monday by the district attorney's office. It was signed by Willis.

Court Ruling On Liability

A ruling by the U. S. Circuit Court of Appeals recently cleared a bonding company of liability in the death of a passenger in an automobile whose owner had entered into an agreement with the passenger to share the expenses of a trip.

The court ruled in effect that the agreement virtually constituted a rental of the car in question.

The case grew out of the death of Chris Jensen, Federal Land Bank appraiser, whose sons sued Peter P. Hanson, driver of the car in which Mr. Jensen was killed, and the Canadian Indemnity Co., which insured Mr. Hansen.

NOT GUILTY

"I asked you not to tell mother what time I came in last night, Mary."

"I didn't, sir. I merely said that I was too busy with breakfast to notice the clock."

Thousands of men were called back to work and 1260 families were withdrawn from the welfare rolls during the last few days in industrial Detroit, and its economic barometer moved at quicker tempo as the automotive plants prepared for production of 1939 models.

United States Rubber Company executives said telegrams had been sent to more than 700 workmen calling them back to their jobs.

The General Motors Corporation, it was said, had started production in its parts plants for 1939 assemblies and that all units in the Detroit area would be in operation by the middle of September.

Ford Motor Company resumed steel production. Three hundred men went back to work on Ford Steel.

Dolphin Boat Club Golden Gate Swim

The Dolphin Swimming and Boating Club will hold their twenty-first annual Golden Gate Swim, Sunday, August 21, 1938.

Mayor Angelo J. Rossi will start the swimmers from the San Francisco shore. Thirty contestants will start the swim, the largest entry list in the club history.

After the swim, free refreshments will be served, followed by presentation of trophies, and the balance of the day and evening will be enjoyed by dancing to the Dolphin Club ten piece band.

Spectators who wish to witness the contest should be at the boat club, foot of Hyde street, not later than 8:45 o'clock a. m.

GLASS BLOWING

One modern machine for making electric lamp bulbs can turn out 500,000 bulbs a day — the work of 500 glassblowers.

Mrs. Jeannine Potter, Publicity Chairman

SPECIAL NOTICE

The P. T. A. will hold their first meeting of the year, August 25, at 2 p. m. in the school auditorium. Each and every one of you are especially urged to attend. Plans for the coming year will be submitted for the approval of the members. Let's start this year right by not only attending yourself, but by bringing someone with you.

Don't forget that on September 12 school opens.

COMMUNITY CHURCH NEWS

Church school meets at 10 a. m. and morning worship at 11 a. m. Rev. Merlin C. Donaldson's subject for this Sunday is "For And Against."

Sunday evening a special program is to be presented, featuring four outstanding soloists. The program starts at 7:30 o'clock. All are cordially invited to attend.

Given Ticket For Drunken Driving

Free on \$50 bail, Jerry Starkey, 33, 137 Leavenworth street, San Francisco, will appear before Justice of the Peace Wade H. Clay August 19 on charges of drunken driving.

The automobilist was cited by Patrolman W. G. Stimmann on El Camino Real near Tanforan last Saturday afternoon.

Making Big Ones From Little Ones

Bert Barker took a \$1000 dollar credit at the Watkins Glen Bank of New York state and said he had been saving the amount for five years, after the clerk had counted exactly 2000 fifty cent pieces.

"These have been around the house long enough," grunted the depositor, as he heaved the sixty pound package on the bank cashier's desk.

Saint Patrick, patron saint of Ireland, was a Welshman!

ASPIRANT TO BEAUTY TITLE

Louise LaPlanche

Louise LaPlanche, who is aiming at the title of "Miss Catalina" at Santa Catalina Island, Cal. Louise is one of the leading contenders in the five preliminary bathing beauty contests to select a young woman who will bear the name of the island. Archery keeps her in trim, she says.

Notify Parents Of Health Check-Up

There will be a "Summer Round-up" for all children who are about to enter the first grade. This will include all who have attained the age of 5 years, 6 months by September 12, 1938.

This health check-up is being sponsored by the School Board and the Parent Teachers Association. The purpose is to detect physical or organic disorders so that these may be corrected before the opening of the school year.

For Brisbane, round-up days are scheduled for Tuesday, August 9; Thursday, August 11; and Saturday, August 13, between the hours of 2 and 5 p. m. All examinations will be held at the office of your local physician. There will be no fee for this service.

It is earnestly requested that all parents concerned co-operate fully.

Heat Kills Two In Eastern City

Eastern states sweltered in scorching discomfort, Tuesday of this week, with little prospects of relief from cooling winds and showers which brought normal summer temperatures to Central and Western United States.

Two persons had died in the East from heat prostration, one at Pittsburgh, where the mercury mounted to 92, and the other died at Buffalo, N. Y.

Many National Capital office workers were sent home as the mercury rose to 94 at 3 p. m.

CROSBY ACTIVE ON CAMPAIGN

With civic leaders throughout the Peninsula lending support to his candidacy, Coroner William Crosby is waging an active campaign for re-election to the San Mateo County post he has held for the past four years.

During his term of office Crosby has reorganized his office to include pathological and toxicological departments and a photographic record of cases where violent deaths have occurred.

He was recently elected to the vice presidency of the California Coroners Association.

He was appointed Coroner and Public Administrator four years ago by the San Mateo County Board of Supervisors when his predecessor's term of eight years had expired. Recent charter amendments now make the post elective.

Coroner Crosby held the national eye two years ago when he conducted the probe of the airline crash in San Francisco bay which claimed the lives of eleven persons.

Fire Reports

Two Sunday morning fires were put under control and extinguished, last week, by the speed and efficient action of our firemen, Fire Chief F. H. Schmidt states.

The first fire in the fire hall was caused by a careless person flipping a burning cigarette up into ceiling decorations. Damages were slight.

A dance just finishing at 1 a. m. with the hall crowded, the firemen used great presence of mind by turning in the alarm as though it was an outside fire, thereby attracting the people outside without the excitement and stampede it might have caused were the alarm to have been given otherwise.

The fire alarm around 5:30 a. m. was answered with dispatch by the fire department, to the Brisbane Community Church. It was given just in time as this type of fire, might have developed into a serious conflagration as the wind was blowing and with no fire hydrants with which to fight a well developed fire of 30 minutes. The building was full of smoke and gases when the fire was discovered only needing a little oxygen to have developed a mass of flames of uncontrollable volume that would have jeopardized an entire block of homes and people's lives.

Some people have taken great delight at times when firemen could be seen already attending to grass, brush or rubbish fire, to turn in a fire alarm. Anyone doing this is subject to punishment for turning in a false alarm so please take notice.

BABY IS BORN

On the 12th morning of August a baby girl was born in the community hospital, to the proud parents Mr. and Mrs. H. Barton. Mrs. Barton was, before her marriage, the well known Alice Anderton. Mr. Barton is a native of Missouri. The new arrival was the recipient of many beautiful gifts from the fire ladders and their friends. The affair was sponsored by Mrs. Georgia Knause and Mrs. Margaret Schmidt. Thanks extended the auxiliary for the many beautiful flowers which were sent the mother and baby in the hospital.

ROOSEVELT IS STILL POPULAR

President Roosevelt's campaign trip across the continent and a vacation of sea fishing and sun tan brought no net change in his national popularity with American voters, according to the latest monthly presidential index of the American Institute of Public Opinion, New York City.

Recently the Institute's barometer showed his popular strength at 56 per cent—the same as last month. There were minor fluctuations of his popularity in various geographical sections—notably a slight rise in the Far West area through which he traveled.

Hobson Wedding Recalls Heroism

It was a quiet wedding ceremony performed, Tuesday of this week, at Elkton, Maryland, made glamorous by the name Hobson, for the bride was Miss Lucia Houston Hobson, daughter of the late Rear Admiral Richmond Pearson Hobson, Spanish American war hero.

The groom was Lieutenant William Earle Dodge Stokes Jr., U. S. N., retired. He is a lawyer and geologist, member of New York's Union Club and the New York Yacht Club. He is the son of the late William Earle Dodge Stokes of the metropolis city.

By buying at home you stimulate the progress of your community.

Found Out Brakes Needed To Be Fixed

The brakes did need fixing and how! Henry Merkord, 39, a Germania mechanic of New Jersey, is suffering a broken leg on account of it.

The brakes on a customer's car weren't quite adjusted and to test them Henry told Herman Baulig of Egg Harbor to get in the car and drive the car toward him and, when a few yards away, to slam on the brakes.

This request the customer complied with—and Merkord went to the hospital.

Peterson And Clay Win Endorsement

It has been announced by its secretary that the Five Township Club, at a recent meeting, voted to endorse the candidacies of Frederick Peterson for county executive and Judge Wade H. Clay for justice of the peace of the First Township.

Will Soon Rule On Bridge Reduction

Decision on reduction of tolls on the Carquinez Bridge may be made next month, Chief Justice William H. Waste of the State Supreme Court indicated early in the week.

The decision will determine whether bridge users will be granted a refund on receipts for "possible-excess" tolls they've been paying
